FIG. 6

A diagram of a beam with two segments. The left segment has length L_1 and the right segment has length L_2 . The beam is supported at a central point O_1 by a vertical dashed line labeled K . The beam is divided into two segments by this support. The left end is labeled O_2 and the right end is labeled O_3 . The beam is labeled P at both ends. The beam is shown in a slightly curved position.
